COUNT I

INFRINGEMENT OF U.S. PATENT NO. 7,933,589

6. Aeritas is the owner by assignment of United States Patent No. 7,933,589 (the "589 patent"), entitled "Method and System for Facilitation of Wireless E-Commerce Transactions." The '589 patent issued on April 26, 2011. A true and correct copy of the '589 patent is included as Exhibit A.

7. Defendant has been and now is directly and/or jointly infringing, and indirectly infringing by way of inducing infringement and/or contributing to the infringement of the '589 patent, in this judicial district and elsewhere in the United States, by, among other things, making, using, importing, offering for sale, and/or selling products and services that facilitate wireless transactions by receiving a request for a transaction consisting of an authorization with respect to a product or service and a multistage fulfillment event associated with the authorization occurring at a fulfillment location, determining whether such authorization has been obtained, communicating a two-dimension, optically scannable transaction code that is capable of being scanned at the fulfillment location initially to partially complete the transaction, and completing the wireless transaction at a second point by scanning the two dimensional code, including but not limited to Defendant's "Mobile Application," "Mobile Site," "Mobile Check-in," and "Mobile Boarding Pass." By making, using, importing, offering for sale, and/or selling such products and services, and all like products and services, Defendant has injured Aeritas and is thus liable to Aeritas for infringement of the '589 patent pursuant to 35 U.S.C. § 271.

8. To the extent that facts learned in discovery show that Defendant's infringement of the '589 patent is or has been willful, Aeritas reserves the right to request such a finding at time of trial.

9. As a result of Defendant's infringement of the '589 patent, Aeritas has suffered monetary damages in an amount adequate to compensate for Defendant's infringement, but in no event less than a reasonable royalty for the use made of the invention by Defendant, together with interest and costs as fixed by the Court, and Aeritas will continue to suffer damages in the future unless Defendant's infringing activities are enjoined by this Court.

10. Unless a permanent injunction is issued enjoining Defendant and its agents, servants, employees, representatives, affiliates, and all others acting or in active concert therewith from infringing the '589 patent, Aeritas will be greatly and irreparably harmed.

COUNT II

INFRINGEMENT OF U.S. PATENT NO. 7,209,903

11. Aeritas is the owner by assignment of United States Patent No. 7,209,903 (the "'903 patent"), entitled "Method and System for Facilitation of Wireless E-Commerce Transactions." The '903 patent issued on April 24, 2007. A true and correct copy of the '903 patent is included as Exhibit B.

12. Defendant has been and now is directly and/or jointly infringing, and indirectly infringing by way of inducing infringement and/or contributing to the infringement of the '903 patent, in this judicial district and elsewhere in the United States, by, among other things, making, using, importing, offering for sale, and/or selling products and services that facilitate wireless transactions that involve a payment obligation on behalf of a requester and a fulfillment obligation on behalf of a provider by receiving a request from a requester who has indicated acceptance of an obligation to pay for the product or service, verifying that requester's identity, communicating a transaction code to a wireless communication device representative of the transaction requested, optically scanning the code from a visual display of the wireless communication device in fulfillment of the transaction, and triggering a fulfillment event in

response whereby the provider fulfills the obligation to the requester and the requested product or service is received, including but not limited to Defendant's "Mobile Application," "Mobile Site," "Mobile Check-in," and "Mobile Boarding Pass." By making, using, importing, offering for sale, and/or selling such products and services, and all like products and services, Defendant has injured Aeritas and is thus liable to Aeritas for infringement of the '903 patent pursuant to 35 U.S.C. § 271.

13. To the extent that facts learned in discovery show that Defendant's infringement of the '903 patent is or has been willful, Aeritas reserves the right to request such a finding at time of trial.

14. As a result of Defendant's infringement of the '903 patent, Aeritas has suffered monetary damages in an amount adequate to compensate for Defendant's infringement, but in no event less than a reasonable royalty for the use made of the invention by Defendant, together with interest and costs as fixed by the Court, and Aeritas will continue to suffer damages in the future unless Defendant's infringing activities are enjoined by this Court.

15. Unless a permanent injunction is issued enjoining Defendant and its agents, servants, employees, representatives, affiliates, and all others acting or in active concert therewith from infringing the '903 patent, Aeritas will be greatly and irreparably harmed.
